

Condition and Marketability Report

Northern Bay Appraisal company, Inc

File No.

This report is intended for use by the lender/client for a mortgage finance transaction only. If any apparent factor that has an adverse affect on the marketability of the subject property is observed, and/or the condition of the property appears unacceptable to the typical purchaser an appraisal must be performed. The checklist provided below is not the sole determinant of whether an appraisal is to be completed. The appraiser is expected to use prudent judgment in deciding when an appraisal is necessary.
